HONOUR BOARDS

Digital Honours Board System

Digital Honours Board System Features

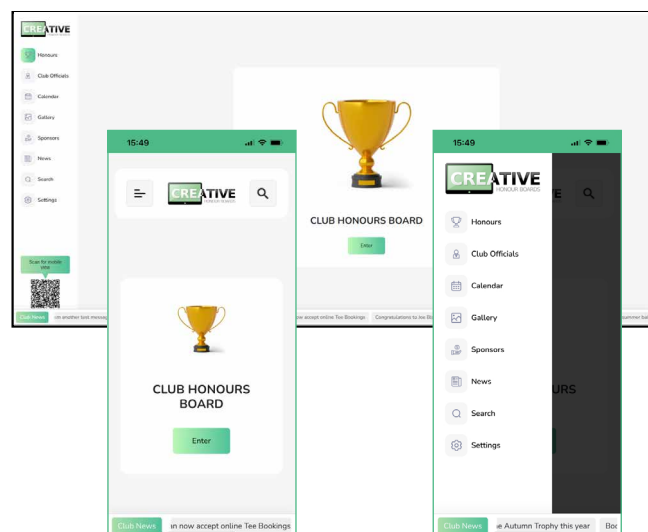

- Complete control over content changes from own admin panel.
- Profile pictures can be loaded of club members & key personnel including trophy winners.
- Awarded person cross referencing. You can see what awards a particular person has achieved throughout the years.
- Dedicated key persons area with profile image and details.
- Search function to locate a person and the awards they have achieved.
- Sponsorship area providing a way of generating income from the screen, through the sale of advertising space.
- Optional calendar to display upcoming matches, events or meetings.
- QR code allows users to access display on their own mobile devices.
- Dedicated admin panel with multi-user option to maintain system.
- Can be supplied with touch screen hardware or utilising clients own screen.
- Automatic email notifications once an award has been entered onto the system.
- Remote support available as well as initial bulk upload service for historical content.

Creative Honour Boards offers a high tech interactive digital honours board range, with touch screen functionality as well as a software only option. Our bespoke software has been designed to accommodate any amount of awards and display them in a format that is both easy to read and navigate.

This modern alternative allows for more information to be displayed and cross referenced, something traditional boards simply can't offer.

With so many benefits compared to a more traditional way of displaying honours it is no wonder this system is becoming increasingly popular.

Contact us for a free 1 week trial of the system.

Automatic email award notifications

A new area in your admin panel allows the input of email addresses of club members who would like to receive automatic updates once an award has been entered onto the system.

This email is branded with your club logo and comes with an automatic unsubscribe function. If a winner's profile picture is loaded on the system this is shown in place of the trophy image.

Digital Honours Board System Touch Screen Prices

All of the below prices assume the client will provide historical information for the screen by way of CSV files. The screen would fully configured and tested prior to delivery. If you would like installation of the below products please contact us for latest prices.

The first year software hosting is included, after which a small fee is to be paid annually. Bespoke surrounds available starting from £290 + VAT.
